ANIKET MONANI

• +1 4378186480 • ak.monani18@outlook.com • Scarborough, Ontario

SKILLS

- Proficient in Bash/Shell Scripting, Relational Database, Oracle Database, Terraform, Ansible
- Experience with Python, Java, C#, PowerShell, PHP, MySQL, PostgreSQL, REST API
- Proficient with AWS – EC2, S3, EBS, EFS, VPC, IAM and Lambda
- Infrastructure tools - Docker, Kubernetes
- Server Management - RAID Configuration, NAS/SAN, Server Security (ACL), Server Monitoring, BIOS/UEFI Config, Network Hardware, LAN, WAN
- Experience in Object Oriented Programming, Test Driven Development, Version Control Systems
- Configuration Skills in Virus Protection Software, Cisco Network Routers, Disaster Recovery, Computer Hardware, Computer Network, Computer Systems, Network Management Software, Building Network Diagrams
- Versioning control in Git, GitHub, GitLab

INTERNSHIPS

Backend Developer | **RCAT** | **Oct 2022 – Feb 2023**

- Developed and maintained server-side applications using popular frameworks like .NET Core, Spring.
- Designed and optimized databases with SQL Server, MySQL, Oracle, and Postgres to ensure efficient data management.
- Worked closely with front-end developers to integrate user-facing elements seamlessly with backend logic.
- Created and managed RESTful APIs to facilitate smooth communication between server and client applications.
- Debugged and resolved application issues, ensuring everything ran smoothly and efficiently.
- I recorded the steps of our development process and crafted detailed technical documents to assist upcoming projects and team members.

EXPERIENCE

Desktop Support Engineer | **Kyndryl** | **May 2023 – Dec 2023**

- Proficient in providing technical assistance for network infrastructure components, including routers, switches, firewalls, and wireless access points.
- Skilled in diagnosing and resolving network connectivity issues, optimizing bandwidth utilization, and addressing network latency concerns.
- Experienced in configuring and maintaining network devices from leading vendors, such as Cisco, and Aruba, ensuring optimal performance and reliability.
- Well-versed in implementing network security measures, including access control policies (ACL), VPN configurations, and intrusion detection systems, to safeguard critical assets and data.

EDUCATION

Bachelor of Computer Application   **2020 - 2023**
SS Jain Subodh P.G College | GPA- 4.3

Software Engineering and Technology   **2024 – present**
Centennial College of Applied Arts and Technology | GPA – 4.0

CERTIFICATION
CYBER SECURITY | G-2023-G3107-0008 | 30/01/2024

VOLUNTEERING
Member of the Welcome Team at Centennial College | Apr 2024 – May 2024
